

GARRET R. FOLEY

20160 Harney Street, Elkhorn, NE 68022 · Cell: (402)889-5317

garretrfoley@gmail.com

foleyarch.com

I am in search of an internship providing me the opportunity to gain entrance into the world of architecture. I enjoy working with a team, but I am comfortable with individual projects. Being practical and hands-on I tend to be meticulous, and approach designs with an eye towards accuracy. I am a quick learner and proficient in AutoCAD, with some experience using Revit. This internship will allow me to complete a portion of the hours necessary to become a licensed architect while gaining valuable experience to launch my architecture career.

EXPERIENCE

2021

DOARCH RESEARCH, SDSU

- Assisted department head, Brian Rex, with a wealth disparity analysis project in Brookings, SD that included 3D scanning homes of different neighborhoods
- Mapped expansion of Brookings, SD using ArcGIS
- Assisted in drafting proposals for SDSU Expansion with Dr. Pat Crawford

2020

AVANT ARCHITECTS, Omaha, NE

- Internship under Larry Smith, AIA,
- Performed model making
- Created construction documents

2019

D4 DRAFTING, Omaha, NE

- Used AutoCAD to design house renovations and addition plans

2018

ANTHONY COMPANY BUILDERS LLC, Omaha, NE

- Worked construction on custom homes.
 - Framing, siding, painting, and door installation.

HIGH SCHOOL DIPLOMA, ELKHORN SOUTH HIGH SCHOOL

-Completed four AP classes

-Student athlete

-National ranked show choir member

-Drafting, design, and architecture electives

SKILLS

- Proficient in AutoCAD & Revit
- Operation of CNC machine
- Operation of laser cutter
- Organized
- Proficient free-hand sketcher
- Effective leader
- Consistently meeting goals
- Takes initiative
- Efficient multi-tasker
- Exceptional communication skills
- Time management skills

ACTIVITIES

I am a major advocate for ice hockey and have been playing for 15 years and officiating for 5 years. I am an avid volunteer in my community through my church and their missions. Traveling abroad with my family has opened my eyes to the expansive world of architecture. I find all world cultures give valuable insight to our history and our future. Germany, Japan, Italy, Turkey, Greece, France, Monaco, Norway, Mexico, and Spain have a rich history and many different types of architecture that have value in the future.
